

Adrien Cambier

FULLSTACK DEVELOPER | DATA & AI

With solid full-stack experience across numerous technical projects, I'm eager to expand my skills in AI and data through a Master's work-study from 2025 to 2027. I thrive in diverse environments and am ready to contribute my adaptability and enthusiasm to an innovative team.

EXPERIENCES

OCTOBER 2024 - PRESENT

Interchange FX

IT ASSISTANT WORK-STUDY
